SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

The Occupational Safety and Health Administration is providing notice that TUVRNA is applying for expansion of its current recognition as an NRTL. TUVRNA requests the addition of one recognized testing and certification site to its NRTL scope of recognition.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified in Title 29, Code of Federal Regulations, Section 1910.7 (29 CFR 1910.7).

Recognition is an acknowledgment that the organization can perform independent safety

testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. Recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The Agency processes applications by an NRTL for initial recognition, and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including TUVRNA, which details the NRTL's scope of recognition. These pages are available from the OSHA web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

TUVRNA currently has two facilities (sites) recognized by OSHA for product testing and certification, with its headquarters located at: TUV Rheinland of North America, Inc., 12 Commerce Rd., Newtown, CT 06470. A complete list of TUVRNA sites recognized by OSHA is available at <http://www.osha.gov/dts/otpca/nrtl/tuvrna.html>.

II. General Background on the Application

TUVRNA submitted an application, dated January 9, 2015 (OSHA-2007-0042; Exhibit 15-1 – TUVRNA Request for Expansion – January 2015), to expand its recognition to include the addition of one recognized testing and certification site located at: TUV Rheinland of North America, Inc., 1279 Quarry Lane, Pleasanton, CA 94566. OSHA staff performed a detailed analysis of the application and other pertinent

information. OSHA staff also performed an on-site review of TUVRNA's testing facility in Pleasanton, CA on March 17, 2015, in which the assessors found some nonconformances with the requirements of 29 CFR 1910.7. TUVRNA addressed these issues sufficiently, and OSHA staff recommended that OSHA should grant the application.

III. Preliminary Finding on the Application

TUVRNA submitted an acceptable application for expansion of its scope of recognition. OSHA's review of the application file and its detailed on-site assessment indicate that TUVRNA can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of the one site detailed above for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of TUVRNA's application.

OSHA welcomes public comment as to whether TUVRNA meets the requirements of 29 CFR 1910.7 for expansion of its recognition as an NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the publicly available information in TUVRNA's application, including pertinent documents (e.g., exhibits) and all submitted comments, contact the Docket Office, Room N-2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address; these materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2007-0042.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will recommend to the Assistant Secretary for Occupational Safety and Health whether to grant TUVRNA's application for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7. OSHA will publish a public notice of this final decision in the Federal Register.

IV. Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue, NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1-2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on August 5, 2015.

David Michaels,
Assistant Secretary of Labor for Occupational Safety and Health.
